## **Nickel Powder**

• Product name : Nickel Powder

- Product Code : TTT\_021

Product :	Nicke	el Powder				
Use :	Widely used in e catalysts of chemi materials, contact metallurgy of diamon high tempe	cal indust material d tools, h	ry, magnetic s and powder nard alloys and			
Property :	Grey powder wi	th irregu	lar form			
Particle Size :	-200mesh/-	300mesh 1	.~2um			
Bulk Density :	1.0 ~ 1.7 9	g/cc 0.6	~ 0.8 g/cc			
Storage :	warehouse. Kept far and acid. No smok fighting equipment	r away from king in the such as e hould be s	cool and ventilated m fire, heat source e workplace. Fire extinguisher should stored in vacuum being oxidized.			
Attention in usage :	While using, please keep clear of acid a	e avoid du	ay from fire in case			
Chemical Composition(wt.%)						
Ni	>= 99.6	Pb	< 0.002			
Со	< 0.10	Si	< 0.01			

Fe	< 0.03	Cu	< 0.03
Mn	< 0.0015	Zn	< 0.001
Mg	< 0.01	Ca	< 0.03
S	< 0.002	С	< 0.03
0	< 0.20	Na	< 0.01
